Installation and Authorization Manual

Installation and Authorization Manual

Chapter 1 System Requirements

The following are the system requirements for using your IK Multimedia product.

Macintosh®

- Power PC based Macintosh

Minimum: 866 MHz G4 processor, 512 MB of RAM, Mac OS X 10.4 or later.

Suggested: dual 1.25 GHz G4 or G5 processor, 1 GB of RAM, Mac OS X 10.4 or later.

- Intel based Macintosh

Minimum: 1.5 GHz Intel Core Solo processor, 512 MB of RAM, Mac OS X 10.4.4 or later.

Suggested: 1.66 GHz Intel Core Duo processor, 1 GB of RAM, Mac OS X 10.4.4 or later.

Windows®

Minimum: Pentium 1 GHz / Athlon XP 1.33 GHz, 512 MB of RAM, Windows XP.

Suggested: Pentium 2.4 GHz / Athlon XP 1.33 GHz, 1 GB of RAM, Windows XP.

Chapter 2 Installation

Macintosh®

NOTE: in order to be able to install and uninstall IK Multimedia products in your Macintosh computer (Power PC or Intel based) you must be a user with Administrator's rights.

Double-click on the 'Install' icon and follow the onscreen instructions.

The Standalone version is installed in your "Applications" folder.

Documentation is placed in:
Library / Documentation / IK Multimedia /

Uninstall

Double-click on the 'Uninstall' icon and follow the onscreen instructions.

Windows®

Double-click on the 'Install' icon and follow the onscreen instructions.

The installer asks you to confirm the destination folder. In the destination folder you will also find the documentation.

To launch the Standalone version go to:
Start menu, All Programs

The default destination folder is:
Program Files \ IK Multimedia \

Uninstall

In the 'Start' menu, select 'Control Panel'.

Double-click 'Add or Remove Programs'. A list of the software installed in your system is displayed.

Select the IK Multimedia product you want to uninstall and click the 'Remove' button. All the components will be removed from your system. If you added or changed files after the installation, it may be that some files and folders are not removed. Delete them manually, from the destination folder you selected during installation.

Chapter 3 How the Authorization System works

Your IK Multimedia product must be authorized to work with unrestricted functionality. It will run with full features for 10 days (grace period) which will start when launched for the first time, and revert to demo mode after. You will need to authorize the product within this time frame to enable permanent unrestricted functionality.

To authorize your IK Multimedia product you'll need three numbers:

- **Serial Number:** this is written on the Registration Card (included with your IK boxed product, inside the license envelope) or the one that has been delivered to you (e.g. Online purchase, such as a Digital Delivery, or update).
- **Digital ID:** this will be shown during the authorization process and linked to the hardware where you are running the software.
- **Authorization Code:** this will be generated online by registering and inserting the Serial Number and Digital ID. If you are a registered IK Multimedia user; having your User Name and Password on hand, will help speed up the authorization process.

Chapter 4 Authorization

A built in software Wizard helps you in the authorization of your IK software. The first time the software is launched the Wizard is displayed (**Step 1. Wizard Introduction**). Click Cancel to return to the software and use the software within the 10 days grace period. Click Next to go to the Wizard's next Step and authorize the software.

Step 1. Wizard introduction

The next Step (**Step 2. Enter Serial Number**) is for inserting the Serial Number. The Serial Number is written on the Registration Card (included with your IK boxed product, inside the license envelope) or the one that has been delivered to you (e.g. Online purchase, such as a Digital Delivery, or update). Type the Serial Number in the fields (using the TAB keys to move from one field to the other). Once the Serial Number has been

Step 2. Enter Serial Number

Installation and Authorization Manual

properly inserted a green icon will display, showing that the number has been entered correctly. If a red icon is displayed the Serial Number inserted is not correct and you will be asked to re-type it in the fields. Once the Serial Number has been typed correctly, the Next button will enable you to move to the next Step of the Wizard.

Step 3. Authorization/Reauthorization

Now the Wizard will ask you if you are requesting an Authorization Code for the first time, or if you intend on reauthorizing your software with an Authorization Code previously received (**Step 3. Authorization / Reauthorization**). For a new authorization click the first option. If you choose the second option because you need to RE-AUTHORIZE your product, you'll proceed directly to Step 7.

In order to obtain the Authorization Code you'll need to go online using an internet connection. In this window, (**Step 4. Connect to Internet**)

Step 4. Connect to the Internet

Installation and Authorization Manual

you are asked if you will connect to the internet using your current computer or a separate one. Make your choice and click on the Next button (if you connect to the internet using a different computer you'll proceed directly to Step 6).

The screenshot shows a window titled "Product Authorization Wizard". Inside, the question "Are you a registered IK Multimedia user?" is displayed. Below it, a paragraph explains that the user's IK Multimedia user name and password are needed for activation, or the second option to create a new account can be selected. There are two radio button options: "I have an IK Multimedia User Account" (which is selected) and "I don't have or don't remember my IK Multimedia User Account". Under the first option, there are input fields for "User Name:" (containing "username") and "Password:" (containing "*****"). A warning icon and text at the bottom left state: "If you have lost or forgot your password, select the second option to recover it from the on line registration pages." At the bottom right are three buttons: "Cancel", "Go Back", and "Next".

Step 5. User Name and Password

In this page of the Wizard (**Step 5. User Name and Password**) you should type your IK Multimedia User Name and Password. If you have already registered any other IK Multimedia product you should use the same User Name and Password that you used previously to access the IK Multimedia User Area (where you can download updates and upgrades, requests new authorizations, manage your registration data, etc...). If you have never registered any other IK Multimedia product or if you can't remember your previous registration information click on the second option. Once you are done click Next.

The screenshot shows a window titled "Product Authorization Wizard". Inside, the section "On Line Registration" is active. A paragraph instructs the user to connect to the Internet to receive an Authorization Code. Another paragraph states that when the "Register On Line" button is clicked, a web browser window will open to the IK Multimedia registration page. Below this, a paragraph says: "If you are prompted to insert the product Serial Number and Digital Id, copy and paste the following information:". There are two input fields: "Serial Number:" (containing "APG10-77ZEIX-76312") and "Digital Id:" (containing "8EAHDOMH-J1CN-5063-6MHK-KNSG8DMK"). Each field has a "Copy" button to its right. Below the input fields is a "Register On Line" button. At the bottom left, a warning icon and text state: "At the end of the registration process you will receive an Authorization Code that must be inserted in the next step of this wizard. When you have received the Authorization Code, click Next." At the bottom right are three buttons: "Cancel", "Go Back", and "Next".

Step 6a. Online registration on the same computer

Installation and Authorization Manual

At this point the Wizard presents you with a window where you can find your Serial Number and the Digital ID required to register online (**Step 6a. Online registration on the same computer**). By clicking Register On Line, your default browser will be opened and directed to the IK Multimedia Registration Page (if the machine that you are installing on has an internet connection). Now simply fill out the mandatory fields of the Registration Page with your data. Your Serial Number and Digital ID should have been pre filled-in (otherwise COPY and PASTE them from your Wizard window to the Registration Page fields). If you would have inserted your User Name and Password, as a previously registered IK Multimedia user, the Registration Page will be pre-filled with your personal data making the authorization process faster.

Step 6b. Online Registration
on a separate computer

The screenshot shows a window titled "Product Authorization Wizard". Inside, there is a section titled "On Line Registration". The text reads: "Connect to the Internet to receive your Authorization Code". Below this, it says: "On the computer connected to the Internet, use your web browser to open the page <http://www.ikmultimedia.com/IKUser.html> and follow the registration instructions that appear on the screen." It then states: "When you are prompted to insert the product Serial Number and Digital Id use the following information:". There are two input fields: "Serial Number:" with the value "APG10-77ZEIX-76312" and a "Copy" button; and "Digital Id:" with the value "8EAHD0MH-J1CN-5063-6MHK-KNSG8DMK" and a "Copy" button. At the bottom, there is a warning icon and text: "At the end of the registration process you will receive an Authorization Code that must be inserted in the next step of this wizard. When you have received the Authorization Code, click Next." At the very bottom of the window are three buttons: "Cancel", "Go Back", and "Next".

If you are authorizing your software from a separate computer, the Wizard will display a page (**Step 6b. Online Registration on a separate computer**) where you are asked to access the IK Multimedia Registration Page, online here:

<http://www.ikmultimedia.com/IKReg.html>

and register your software to obtain the Authorization Code. In this case, please carefully type your Serial Number and Digital ID in the corresponding field of the Registration Page. Be sure to fill out all the mandatory fields as well. Once your registration process has been completed, an Authorization Code will be displayed in the check out page of your IK Multimedia online registration (as well as sent to you by email). Copy the Authorization Code and click Next on the Wizard.

You will now be prompted to paste the Authorization Code in the new Wizard window (**Step7. Paste Authorization Code**). Point the cursor

Installation and Authorization Manual

The screenshot shows the 'Product Authorization Wizard' window. The title bar says 'Product Authorization Wizard'. The main heading is 'Authorization Code'. Below it, the text says: 'Insert the Authorization Code you have received'. A paragraph explains: 'The Authorization Code is a 28 character alphanumeric code presented on the check-out page when you complete the on line registration and it is also sent to the email address you have specified for your IK Multimedia User Account.' Another paragraph says: 'Use the Paste button or type it in the following field.' Below this, it says 'Authorization Code:' followed by a series of input fields: 'S4LLACFK', '-', 'FCC1', '-', 'P24E', '-', '6DJ1', '-', 'W2MH9EL4'. To the right of the last field is a green checkmark icon and a 'Paste' button. At the bottom, there is a warning icon (exclamation mark in a circle) and text: 'Please note that the Authorization Code does not contain the letter I (uppercase i) or the letter O (uppercase o), but only the digits one and zero.' At the very bottom are three buttons: 'Cancel', 'Go Back', and 'Next'.

Authorization Code

Insert the Authorization Code you have received

The Authorization Code is a 28 character alphanumeric code presented on the check-out page when you complete the on line registration and it is also sent to the email address you have specified for your IK Multimedia User Account.

Use the Paste button or type it in the following field.

Authorization Code:

S4LLACFK - FCC1 - P24E - 6DJ1 - W2MH9EL4  Paste

 Please note that the Authorization Code does not contain the letter I (uppercase i) or the letter O (uppercase o), but only the digits one and zero.

Cancel Go Back Next

Step 7. Paste Authorization Code

in the first field of the Authorization Code in the Wizard and click on the Paste button. All the separated fields will be filled and a green icon will display, showing the Authorization Code has been entered correctly. If a red icon is displayed, the Serial Number inserted is not correct and you will be asked to re-type it in the fields (if you typed it manually).

Once the green icon is displayed, click Next and the last page of the Wizard will appear (**Step 8. Authorization Completed**) listing your Serial Number, Digital ID and Authorization Code as a reference. Click Finish to start using your IK Multimedia product with unrestricted functionality.

The screenshot shows the 'Product Authorization Wizard' window at the final step. The title bar says 'Product Authorization Wizard'. The main heading is 'Completing the Product Authorization Wizard'. The text says: 'You have successfully completed the steps needed to authorize your IK Multimedia product.' and 'To close this wizard and authorize the product, click Finish.' Below this, it lists the following information: 'Serial Number: APG10-77ZEIX-76312', 'Digital Id: 8EAHD0MH-J1CN-5063-6MHK-KNSG8DMK', and 'Authorization Code: S4LLACFK-FCC1-P24E-6DJ1-W2MH9EL4'. At the bottom, it says 'Thank you for using IK Multimedia products!'. On the left side, there is a large graphic of a stylized 'X' made of 3D blocks and the IK Multimedia logo with the tagline 'MUSICIANS FIRST'. At the very bottom are three buttons: 'Cancel', 'Go Back', and 'Finish'.

Completing the Product Authorization Wizard

You have successfully completed the steps needed to authorize your IK Multimedia product.

To close this wizard and authorize the product, click Finish.

Serial Number:
APG10-77ZEIX-76312

Digital Id:
8EAHD0MH-J1CN-5063-6MHK-KNSG8DMK

Authorization Code:
S4LLACFK-FCC1-P24E-6DJ1-W2MH9EL4

Thank you for using IK Multimedia products!

Cancel Go Back Finish

Step 8. Authorization Completed

Installation and Authorization Manual

If you have no access to the Internet, in the software CD you'll find a PDF file called Authorization Request Form.

Europe, Africa, Asia and Australia:

Open the file (with Acrobat Reader), print the form, fill the required fields and fax everything to +39-059-2861671 to receive your Authorization Code within 24 hours of your fax (standard European business hours). Please write clearly: if we can't decipher the codes, we won't be able to generate a working Authorization Code. If you don't have access to a fax machine fill the aforementioned Authorization Code Request Form and mail it to the following address:

IK Multimedia Production srl
Via Dell'Industria 46
41100 Modena
Italy

North and South America:

Open the file (with Acrobat Reader), print the form, fill the required fields and fax everything to 954-846-9077 to receive your Authorization Code within 24 hours of your fax (10am-6pm EST). Please write clearly: if we can't decipher the codes, we won't be able to generate a working Authorization Code. If you don't have access to a fax machine fill the aforementioned Authorization Code Request Form and mail it to the following address:

IK Multimedia US LLC
1153 Sawgrass Corporate Parkway
Sunrise, FL 33323
USA

You'll be given your Authorization Code by return mail within 15 working days.
